

CYBER SOLUTIONS RISK MANAGEMENT & INSURANCE

DATE:	Tuesday 18 October 2016	VENUE	ANSTY HALL, Ansty, Coventry, CV7 9HZ
TIME:	10.00am to 2.00pm		

Cyber risk is a hot topic, but so far from an advisory point of view most seminars have all been about engendering fear and uncertainty.

JLT Specialty has partnered with the Berea Group, a leading provider of cyber risk management solutions to deliver an educational seminar to really help you protect your business from cyber crime.

Our seminar programme is designed not to scare you (albeit some of the examples are quite frightening) but to enlighten you as to how your company can assess and implement practical solutions that have simplified cyber risk management for organisations worldwide.

This seminar will present facts and solutions that will help you implement, manage and monitor a robust cyber risk management strategy.

AGENDA

10.00am	Registration & Coffee
11.00am	Introduction Sally Swann, Head of the Midlands region for JLT Specialty
11.05am	Designing, implementing and monitoring your cyber risk strategy Aaron Yates, Founder & CEO Berea Group

Aaron will provide practical examples of cyber risk.

- Dispel cyber security myths and confusion to provide clarity, in plain-English.
- Give structure to what a company needs to think about, assess, document and review in its cyber risk management strategy.
- Cover the impending change in data protection legislation and the evolving legal landscape to highlight what this means if action is not taken now.
- Provide a practical demonstration of Berea's solutions and how they may support your business.

11.35am	Cyber Risk Management in action – Case study Paul Casement, Clarity Travel Management
	Paul will share his experience of the steps Clarity Travel Management took to become advanced with cyber security and how it now forms part of a day-to-day component of their operations.

12.05pm	The insurance solution
	Sally Swann will explain the various approaches that can be taken to:
	<ul style="list-style-type: none"> • Ensure appropriate insurance protection is in place • Discuss the different types of insurance cover available • Review some actual claims examples

12.30pm	Summary & Q&A
1.00pm	Buffet lunch and networking
2.00pm	Close

WHO SHOULD ATTEND

This seminar is aimed at board level Directors and those who will be ultimately accountable should a cyber security breach impact your company.

To register please email: louise_bilbie@jltgroup.com

YOUR PRESENTERS

Sally Swann,
JLT Specialty Limited

Sally is head of the Midlands region for specialist insurance broking and risk management consultants JLT Specialty Limited. She has over 35 years of experience working in the corporate insurance market helping clients understand their business risks.

Aaron Yates,
Berea Group

Aaron is the founder and CEO of Berea. Established in Leicester in 2010 and initially focused on small business digital risk and dispute mediation, Berea quickly evolved as the market was absorbed by the broader issues posed by cyber risk and security.

Aaron now leads an expert team in developing solutions to help businesses understand and address cyber security across all aspects of their organisation. Berea provide a unique offering of online and offline training, education and assessment services.

Berea is working in partnership with JLT to engage their clients on this emerging risk, by providing expert guidance, knowledge and service.

Paul Casement,
Clarity Travel Management

Paul is Director of Sales and Account Management for business travel and event management specialists, Clarity Travel Management (The new name for The Co-operative Travel Management). He has been on the Board of Directors for the past eight years and has been pivotal in championing Clarity Travel Management's cyber security focus and investment.
